

## Brilliant Of Prewar Days Marks Dances and Parties At The Clubs

MANY charming social affairs are marking the season at the country clubhouses and the Toltice club and they are attended by all of the brilliant and hospitality of pre-war days. The Christmas dance at the clubhouse will take place on Christmas night with a Christmas dinner preceding the dancing hours. On New Year's afternoon a tea dance will be given at the club. Numbers of party affairs are also taking place at the Toltice club, among them the dance to be given on the evening of the 15th of December by the Toltice signal corps, which is stationed at Fort Bliss. The annual meeting of the members of the Toltice club will take place on the evening of December 16.

On New Year's morning Mrs. F. G. Glover are giving a party on Thursday evening for their daughter, Miss Florence, at the Country club, and numbers of other parties and luncheons at the two clubs will mark the social calendar for the next few weeks.

One of the most delightful social affairs of next week will be the dance at the Women's clubhouse. These dances are given once each month and the dance to be given this month on the evening of Thursday, December 15, will be very delightful as the decorations and appointments for it are the work of the members of the club. Mrs. F. G. Glover is chairman for the dance and on Thursday morning

## MAUDE TABOR ALIVE IN 1916

### Man Once Engaged to the Missing Teacher Held as Material Witness.

Ogden, Utah, Dec. 2.—Miss Maude Tabor, former Ogden high school teacher, whose dead body was found in the basement of her family home in Lawton, Mich., last Sunday, was alive February 18, 1916, Mrs. Addie Day, of Ogden, announced today she had in her possession a letter written by Miss Tabor and dated at Lawton, February 18, 1916. In this letter Miss Tabor writes that she would like to return to Ogden, but is uncertain as to her plans since "my water is not on making trouble over what my father left to mother and me."

Ogden friends believe that the letter, Mrs. Florence Tabor Critchlow, visited here in 1915 when a woman seeking information about Miss Tabor talked to several persons here.

**Body Positively Identified.**

Lawton, Mich., Dec. 2.—The body of a woman found in a trunk in the basement of the home of Mrs. Lester Tabor Sunday night has been positively identified as that of Miss Maude Tabor, who disappeared four years ago and was generally believed to have died while teaching in the west. The identification was made by Joseph Virgo, of South Bend, Ind., a close friend of the dead woman.

Virgo, a former undertaker, came here to testify at the coroner's inquest. He was held as a material witness.

Local authorities received word from South Bend that Walter Tabor, Miss Tabor's brother, who is being sought in an effort to unravel the mystery was in that city several days ago. The message stated he left for Chicago with Virgo.

No word has been received here of the whereabouts of the mother, believed to be in the west.

Virgo had said ardent court in the missing woman, he said. They were about to be married when she had broken with him, he continued. Later she disappeared.

### A Good Exercise.

PROFESSOR J. P. Muller, the Danish health specialist, gives the following recommendation for the exercise which I am going to describe today: "The faithful practice of this exercise will give a good shape to the thighs and the lower portion of the back; will make the torso slender and the hips graceful and well rounded."

Stand on one foot on a stool, or any small object that will raise you at least eight inches from the floor. Support yourself by placing one hand on some heavy article of furniture. Swing the free foot back and forth twelve times making what might be described as small arcs in the air; by this I mean that the swinging foot with its backward and forward kick follows for a short distance, part of an imaginary circle. The motion of the swinging foot should be fast and continuous to get any real benefit from the exercise. After the twelve short kicks, swing the leg as far out in front and as far out in back as you can reach for three times, making fifteen kicks altogether. Then repeat the exercise with the other leg.

When you have become accustomed to this exercise you can dispense with the support and place both hands on the hips as you swing the leg. This makes the exercise doubly beneficial.

Remember to keep the instep straight with the toe pointing downward as you swing the foot. Remember also to breathe deeply and quietly while performing the exercise.

**Benefits.**—One of the best treatments for feet which perspire too freely and which have an odor is as follows: Scrub the feet with warm water and a mild oil soap (castile or olive oil preferably); dry thoroughly and while they are still warm massage them with cold cream or olive oil; give them a thorough rubbing so as to get plenty of the oil into the skin; wipe off all surface grease with warm water, and powder the feet with powdered boric acid. You should not only wear fresh stockings every day, as you do now, but you should add a little of the boric acid

### Try This Exercise For Your Figure.

powder to the water in which the stockings are washed and rinsed. You can either save the hair from the armpits or remove it with a depilatory powder.

**Weight.**—You should weigh between 125 and 135 pounds. Walking will not reduce you to the amount you should weigh although it, as well as any other exercise, will help you to your weekly reduction chart.

**S. W. K.**—You should weigh 115 pounds, or 25 pounds more than you do now.

## Club Feet

Little Robert Taylor was born with deformed feet. Plaster paris casts were used without success—so he was brought to the McLean Sanatorium. His parents' letter tells the story:

"We are more than thankful for what you did in straightening Robert's feet. Of course, he just as truly earned from the plaster casts, but there are no scars from your work on him. His feet are straight and he runs, jumps and does anything any other boy can do. MR. AND MRS. JOHN W. TAYLOR, 321 Coulter Bldg., Los Angeles, Cal."

This is not a selected case—neither is the result unusual. In correcting this deformity no plaster paris or general anesthesia was used.

## For Crippled Children

## ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing, but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. M. Timmer, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.
